Editor's Note . . .

Hey Bruce
only get drunk
on your own time
Adam

Ten years ago S.G.H.S. opened its doors for the first time. Entering those doors were a new student body, a new faculty, and a new administration. Now, after a decade of meritorious operation, our school is being honored in this 1965 Anniversary Edition of EL CAMINO REAL.

During those ten years, the campus has changed with the addition of new buildings; twenty different Executive Boards and Student Congresses have represented the student body and made important decisions; social and academic clubs have been both born and abandoned; ten classes have graduated and gone on to colleges, universities and businesses; dances, assemblies, and plays have been both good and bad; basketball, track, baseball, tennis, golf, and football teams have won und lost; there have been times of great joy and bitter disappointment. All these things **are** San Gabriel High School.

To record our school's development, the theme of this year's annual is significant of the past, the present, and the future, which may be represented by **ABSTRACTS.**

BRUCE —
YOU WERE lucky

MR. ; - ! ? - - -
Greg Voth

DEDICATION

BECAUSE

- he has served San Gabriel High School unselfishly since the doors first opened.
- he has advised and directed annual staffs with patience and understanding for ten years,
- he has diligently instilled in students an appreciation for literature and the idiosyncrasies of English grammar.
- he has given of himself in that true humanitarian way,

The 1965 EL CAMINO REAL is dedicated to the annual adviser to whom we owe so much,

Just ten short years ago, San Gabriel High School opened its doors to an enthusiastic student body numbering 1,250. In retrospect, what have been the achievements? Traditions have crystallized; deep loyalties have developed; an admirable school image has been created. Students, past and present, have achieved academically, in athletics, in student government, and in other extra-curricular fields. Both the student body and staff can be proud to be a part of Matador growth and attainment.

New challenges are still to be met, however, as San Gabriel looks to the future in its attempt to keep pace with an everchanging world.

All best wishes for the years ahead!

TENTH ANNIVERSARY

Remember when the school was still under construction? Very few of us can recall the activity on campus at that time, but we can remember some of those golden moments in a special compilation of snaps. The Tenth Anniversary Edition of EL CAMINO REAL includes a pictorial panorama of S.G.H.S. Included are social and academic clubs of the past, AFS students and ASB Presidents who have served at S.G.H.S., members of the sports and pep squads, Life Scholarship and Los Renembrados, portions of Senior Plays and some snaps of scrambled dances.

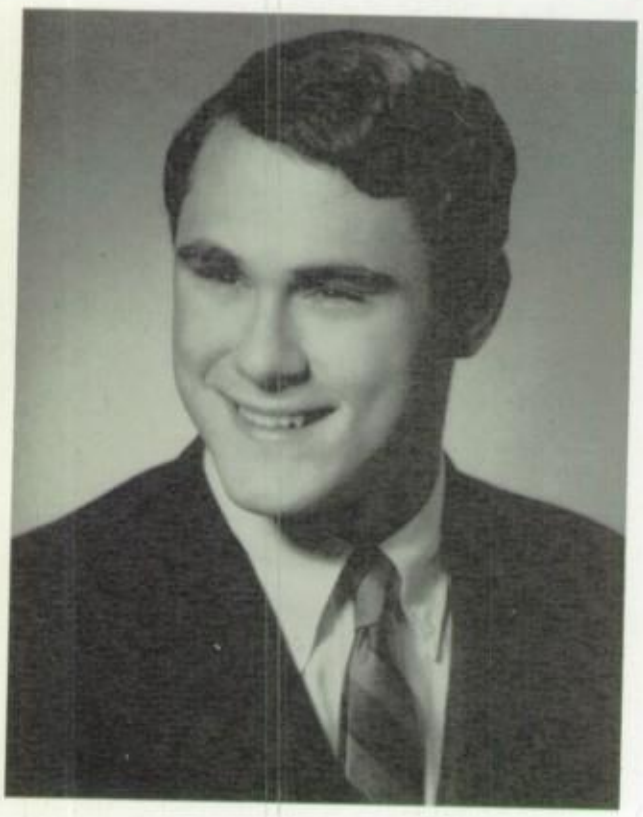
Matador Staff



Ever since its first appearance during the Roman Empire, the newspaper has played an important part in society.

Here at San Gabriel High School, where the student body is a microcosm of the macrocosm of society, the **Matador** takes the part played, in the adult world, by the daily metropolitan newspapers.

As metropolitan newspapers attempt to cover all phases of life, so also does the **Matador** attempt to portray all facets of the student's life.

News, feature, and sports stories, photographs, editorial comments, and, yes, even advertisements—all of these are means of informing the SGHS students of events, personalities, and ideas which, if it weren't for a school newspaper might go unnoticed by the average student.

However, the **Matador** is not published solely to inform or entertain its student readers. It must also create favorable impressions of SGHS on the 200 schools all over the nation to which it is sent, on the various community leaders who receive it each week, and on the SGHS parents who read each issue.

Who is charged with the tremendous responsibility of preparing the newspaper for publication each week? Members of the **Matador** staff — students who put out the extra effort needed to publish a paper. Without them, the **Matador** could not exist.

AMERICAN FIELD SERVICE

Indeed, we live in a world of greatest tensions. Only understanding and friendship among peoples of different cultures may promote peace. The American Field Service recognizes the promotion of world peace as its primary objective. In the past, students from Denmark, Brazil, England, France, Greece, Italy, Switzerland, Iceland, Costa Rica, Argentina, Turkey, and Japan have lived in our community. In our eighth year of participation in the AFS exchange program, Narendra Kamath from Bangra-Manjeshwar, India, and Angelika Knietzsch from Hildesheim, Germany, have been students of San Gabriel High School. In this attempt for world understanding, let us hope we shall be successful. If these exchange students have gained as greatly as has the student body, our goal shall have been met. I wish to thank all the students of San Gabriel High School for their participation in the AFS program, and the enthusiastic support given to "Broadway Scrapbook", our variety show. Let us all hope that the American Field Service shall expand in our own school and throughout the world.

Varsity High-Lights

The 1964 football season was one of the most successful during the past few years. Although taking third place, the Matadors proved to be rough competition. For the first time since the Tri-City competition was established the Matadors failed to win the crown, losing to Alhambra 18-13 and tying Mark Keppel 19-19.

The Capemen captured their first win against the San Marino Titans, who went on to win CIF competition. Ray Wicken performed the outstanding play of that game with a 72 yard jaunt resulting in a touchdown. SG's first league victory came against Charter Oaks, the newest addition to the Sierra League. Butch Nungesser completed 8 passes to lead the Varsity to a 22-18 victory.

The Matadors only other league win came against Arroyo when Butch Nungesser was voted "Prep of the Week" by the Los Angeles Times for his outstanding playing. The Matadors compiled the second highest number of touchdowns scored against them.

George Ingledew, Ed Ruiz, and Greg Buck were selected on the first team "All San Gabriel Valley." Ingledew was chosen as a defensive player and was named lineman of the valley. Ray Wicken and Butch Nungesser were placed on the second team and Dennis Nespor placed on the third team. Frank Magusin, Steve Koser, and Tom Belloni were chosen as honorable mentions.

Butch Nungesser and Greg Buck received top league honors. Buck received the most individual votes for an all league player, and Nungesser was chosen as "Back of the League."

Bruce,
I don't know
exactly what to say except
that you're one of the
sweetest guys I know.
We've talked about almost
everything even you getting
R — — — but we won't
go into that! Thanks for the
advice on dreams and witchcraft.
Don't make any wise comments
about me being a witch or anything
like that. I think we both had
fun that one Sunday. We should try
it again. We will probably have algebra
with eachother next year even after
summer school. I'd better sign off
'cause I'm running out of space.
See ya around.
Love ya,
C C

Bruce,
Well (deep subject),
too bad about school
being over (God, I'm not
feeling good). I liked

witches.
